Women play important role in family and community despite ...
The role of women in community development can be crucial to the health of a society. According to some sociologists, women make many of the decisions that determine a household's participation in the community, including healthcare, educational, and cultural decisions. In parts of the world where women's rights are still developing, the role of women in the development of a community can be the key to reducing gender inequality, providing for the needs of women and families, and ending ...

What Is the Role of Women in Community Development?
The woman performs the role of wife, partner, organizer, administrator, director, re-creator, disburser, economist, mother, disciplinarian, teacher, health officer, artist and queen in the family at the same time. Apart from it, woman plays a key role in the socio-economic development of the society.

Role of Women in the Family and Society
The Ministry of Women, Family and Community Development, abbreviated KPWKM, is a ministry of the Government of Malaysia responsible for social welfare: children, women, family, community, children, older people, destitute, homeless, disaster victim, disabled. The ministry determines the policies and direction to achieve the goals of gender equality, family development and a caring society in line with Malaysia's commitment towards the United Nations' Convention on the Elimination of All Forms of
