In this second part of his fifth volume on Harley-Davidsons motorcycles, Donny Petersen, who studied privately with Harley-Davidson engineers, shares practical knowledge and streetwise tips on the Shovelhead motorcycle. Donny presents what Harley-Davidson has to say through the myriad of service bulletins back in the day in everyday language. He also uses his extensive practical experience to constructively critique the official line, offers additional hard-earned information, and then shares what he does to his own bikes. He provides • solutions to fix the Shovelhead ' s teething problems; • Harley ' s responses to ongoing problematic aspects of vibration, as well as the aftermarket ' s cures; • tips on working with the Shovelhead ' s carburetors and five ignitions; starter and charging systems, electrical switches, circuit breakers, and relays; and • best practices for lubrication, as well as the progression of front forks and shocks, brakes, wheels, and tires. Written in straightforward language, this guide offers step-by-step instructions to help all levels of enthusiasts, from novices to expert mechanics. In his usual forthright manner, Donny makes technical issues understandable, interspersing explanations with entertaining stories about the lifestyle that comes with being a Harley rider.

Take a full-throttle tour through more than a century of Harley-Davidson history with this definitive e-guide. The Ultimate Harley-Davidson tells the story of the world's greatest motorcycle make--from its origins in a backyard shed to the international company it is today, more than 100 years later. From the early bikes and their key innovations to the v-rods and sports bikes of recent years, it is the complete e-guide for lovers of this American classic. Gloriously illustrated gallery spreads showcase more than 70 of the best-loved Harleys ever created, drawing out their defining features. Spectacular close-ups of key engines explain how the classic Harleys ran, while an updated catalog of every production model provides technical data and key specs for each bike. Whether you're an easy rider or born to be wild--or just mad about motorcycles--there is only one Harley-Davidson, and this is the ebook for you.
