WHO | Guidelines for treatment of tuberculosis

The following is a simplified version of the last 2007 WHO classification of the tumours of the central nervous system. Currently, as of 2016, clinicians are using revised WHO grade 4th edition which incorporates recent advance in molecular pathology. The 4th revised edition, as the name implies, will soon be updated to catch up ever growing knowledge of this field. Listed for each tumour are the WHO official name, the ICD-O code, and with Roman numeral the WHO Grade.

WHO classification of tumours of the central nervous ...

The WHO Classification of Skin Tumours is the 11th volume in the 4th edition of the WHO series on the classification of human tumours. The series (also known as the Blue Books) has long been regarded by pathologists as the gold standard for the diagnosis of tumours, and it is an indispensable guide for the design of evaluations, clinical trials, and studies involving cancer.
