'Intimate, ruthless, tender: this book is like medicine for the soul.' —Nina George, author of The Little Paris Bookshop A beautifully poignant and poetic debut about love, loss, friendship, and ultimately, starting over. Twenty-something Holly has moved to Brighton to escape her grief. But now that she's here, sitting on a bench, listening to the rolling waves, how is she supposed to fill the void her boyfriend left when he died? She had thought she wanted to be on her own. But after a chance encounter with retired, part-time baker and book-club host, Frank, she is soon adopted by a new circle of friends, and the tides begin to shift. Beautifully written, Let Me Be Like Water is a moving and powerful debut about loneliness, friendship, the extraordinariness hiding in everyday life.

Now a Netflix film starring and directed by Chiwetel Ejiofor, this is a gripping memoir of survival and perseverance about the heroic young inventor who brought electricity to his Malawian village. When a terrible drought struck William Kamkwamba's tiny village in Malawi, his family lost all of the season's crops, leaving them with nothing to eat and nothing to sell. William began to explore science books in his village library, looking for a solution. There, he came up with the idea that would change his family's life forever: he could build a windmill. Made out of scrap metal and old bicycle parts, William's windmill brought electricity to his home and helped his family pump the water they needed to farm the land. Retold for a younger audience, this exciting memoir shows how, even in a desperate situation, one boy's brilliant idea can light up the world. Complete with photographs, illustrations, and an epilogue that will bring readers up to date on William's story, this is the perfect edition to read and share with the whole family.
