Luminous and hypnotic, this dynamic collection explores the dark edges of childhood, violence, race, class, and masculinity, by one of the most fearless poets of his generation. "Known for poems of universality of feeling, expressive lyricism of reflection, and heartrending allure" (Major Jackson), award-winning poet Matthew Dickman returns with a collection that engages the traces of his own living past, suffusing these poems with ghosts of longing, shame, and vulnerability. In the southeast Portland neighborhood of Dickman's youth, parents are out of control and children are in chaos. With grief, anger, and, ultimately,

Understanding, Dickman confronts a childhood of ambient violence, well-intentioned but warped family relations, confining definitions of identity, and the deprivation of this particular Portland neighborhood in the 1980s. Wonderland reminds us that, while these neighborhoods are filled with guns, skateboards, fights, booze, and heroin, and home to punk rockers, skinheads, poor kids, and single moms, they are also places of innocence and love.

Unconventional wisdom, and lessons learned the hard way about living with greater satisfaction. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE GUARDIAN “McConaughey’s book invites us to grapple with the lessons of his life as he did—and to see that the point was never to win, but to understand.”—Mark Manson, author of *The Subtle Art of Not Giving a F\*ck* I’ve been in this life for fifty years, been trying to work out its riddle for forty-two, and been keeping diaries of clues to that riddle for the last thirty-five. Notes about successes and failures, joys and sorrows, things that made me marvel, and things that made me laugh out loud. How to be fair. How to have less stress. How to have fun. How

to hurt people less. How to get hurt less. How to be a good man. How to have meaning in life. How to be more me. Recently, I worked up the courage to sit down with those diaries. I found stories I experienced, lessons I learned and forgot, poems, prayers, prescriptions, beliefs about what matters, some great photographs, and a whole bunch of bumper stickers. I found a reliable theme, an approach to living that gave me more satisfaction, at the time, and still: If you know how, and when, to deal with life's challenges—how to get relative with the inevitable—you can enjoy a state of success I call "catching greenlights." So I took a one-way ticket to the desert and wrote this

**Book:** an album, a record, a story of my life so far. This is fifty years of my sights and seens, felts and figured-outs, cools and shamefuls. Graces, truths, and beauties of brutality. Getting away withs, getting caughts, and getting wets while trying to dance between the raindrops. Hopefully, it's medicine that tastes good, a couple of aspirin instead of the infirmary, a spaceship to Mars without needing your pilot's license, going to church without having to be born again, and laughing through the tears. It's a love letter. To life. It's also a guide to catching more greenlights—and to realizing that the yellows and reds eventually turn green too. Good luck.

Simon. Retreating to the supposed safety of a bucolic camp for families, Jack discovers that the plague of cannibalism that has claimed so many cities, is here as well. And only his self-sacrifice will enable his wife, his kids...to get out. In Home Christie tries to return to the gated security of their home. At least in that world, there were security guards with AR-15s, and electric fences. But when Christie returns, she discovers that -- for them -- home has vanished, replaced by what is left of the civilized world quickly collapsing around them. Worse, another change has taken hold with humanity - and that very word...humanity did not apply any more. Now in the last volume in the series, Family, a

In his first work of narrative nonfiction, Matthew Pearl, bestselling author of acclaimed novel *The Dante Club*, explores the little-known true story of the kidnapping of legendary pioneer Daniel Boone's daughter and the dramatic aftermath that rippled across the nation. After the signing of the Declaration of Independence, thirteen-year-old Jemima Boone and her friends Betsy and Fanny Callaway disappear near the Kentucky settlement of Boonesboro, the echoes of their faraway screams lingering on the air. A Cherokee-Shawnee raiding party has taken the girls as the latest salvo in the blood feud between American Indians and the colonial settlers who have decimated native lands and resources. Hanging Maw, the raiders' leader, recognizes one of the captives as Jemima Boone, daughter of Kentucky's most influential pioneers, and realizes she could be a valuable pawn in the battle to drive the colonists out of the contested Kentucky

territory for good. With Daniel Boone and his posse in pursuit, Hanging Maw devises a plan that could ultimately bring greater peace both to the tribes and the colonists. But after the girls find clever ways to create a trail of clues, the raiding party is ambushed by Boone and the rescuers in a battle with reverberations that nobody could predict. As Matthew Pearl reveals, the exciting story of Jemima Boone's kidnapping vividly illuminates the early days of America's westward expansion, and the violent and tragic clashes across cultural lines that ensue. In this enthralling narrative in the tradition of Candice Millard and David Grann, Matthew Pearl unearths a forgotten and
