Chapter 02 - The Economizing Problem. Printer Friendly. The foundation of economics is the economizing problem: society's material wants are unlimited while resources are limited or scarce. Unlimited wants (the first fundamental fact): Economic wants are desires of people to use goods and services that provide utility, which means satisfaction.

Chapter 02 - The Economizing Problem | CourseNotes

AP Microeconomics. This course is designed to study the economic principles that apply to individuals and firms within the economy. This course will concentrate on basic economic concepts; the nature of product and factor markets; market failure and the role of the government; economic decision- making; the interpretation of graphs, charts and data to describe.

AP Microeconomics

Introduction to Monetary Policy Reemphasize Chapter 13's points:The Fed's Board of Governors formulates policy, and twelve Federal Reserve Banks implement policy. The fundamental objective of monetary policy is to aid the economy in achieving full employment output with stable prices. To do this, the Fed changes the nation's money supply.
