Pick a specific spot for the cue ball to land on the next shot. Get there by choice of stroke speed rather than feel and "touch". Commit to a personal speed of stroke like "medium" or "soft" before bending to shoot. Maintain a follow-through about the same in length as the length of your backstroke. 10.

The closed bridge is preferable for advanced players who shoot harder shots with more spin on the cue ball. An open bridge is the best bridge type for the rest of us. It's more suited for softer shots, but you can still get plenty of power when needed. The Open Bridge. To practice the open bridge, first place your bridge hand firmly on the table.

Parallel Aim, used by greats including Greenleaf, Mosconi, and Varner, uses real balls and adds imaginary lines. Visualize parallel lines to both contact points. Add lines connecting the points and parallel through cue ball center. Visualize lines that cross the ball equators and don't sight down on the cloth .
