Hello everyone I'm new here and hope to be able to get some help. We have a Daewoo V-35 with a Fanuc O-M control. It hasn't been ran for a couple years because it had a bad board, it has now been fix and is ready to make some parts. I want to write programs to get use out of the APC changer. I am new to writing CNC programs and not sure how to write one to using the APC.
