Hyundai is commonly considered a value brand so you may be surprised to see the i10 costs a little more than a Volkswagen Up or Toyota Aygo. Hyundai doesn't play the game of offering a bare bones spec just to hit a nominal price point, though – indeed it's actually ditched the most basic trim level and the i10 packs a lot of kit in as standard where others charge extra for the same.

Based on the platform of the Hyundai Sonata, the Hyundai Santa Fe is the first SUV from South Korean auto manufacturer Hyundai. Introduced in 2001, it was at first criticized by the journalists for its obscure look, but the American buyers thought the other way. The Santa Fe became a great hit for Hyundai and at times, Hyundai had trouble to meet the demand. The second generation Hyundai Santa ...

«Ah, Nayelli, por qué te fuiste y me obligaste a tratar de salvarme escribiendo una novela y asistiendo a este pinche taller.» Regino Félix se establece en Mérida con su familia tras haber sido asaltado en la Ciudad de México, pero su esposa no soporta las condiciones climáticas y regresa con los hijos. Regino sobrelleva su soledad escribiendo una novela y se inscribe en el taller literario Elenita Poniatowska Nueva Época, a cargo de la bella Lula Azero. Ahí sus compañeros Felipe Narváez, cronista oficial de Mérida, y el poeta gay Antonio Motolinía, con malas y buenas intenciones, despedazan sistemáticamente su texto, pero Regino persevera al tiempo que encara un doloroso divorcio y se enamora como un imbécil de su mentora. En Paraíso en casa, la novela de Regino, hay otro matrimonio; una una fotografía difundida en redes sociales que lo rompe; un adúltero pendenciero y desesperado que manda que le escriban un libro donde se reivindican los valores tradicionales de la familia y se convoca a la clase acomodada a hacerse justicia por propia mano en un país atenazado por la corrupción, la impunidad y la violencia. En esta ficción dentro de la ficción, Adrián Curiel entrelaza historias de dolor y pérdida, a lo que suma dentelladas de humor que no dejan títere con cabeza.

This book presents the papers from the latest conference in this successful series on fuel injection systems for internal combustion engines. It is vital for the automotive industry to continue to meet the demands of the modern environmental agenda. In order to excel, manufacturers must research and develop fuel systems that guarantee the best engine performance, ensuring minimal emissions and maximum profit. The papers from this unique conference focus on the latest technology for state-of-the-art system design, characterisation, measurement, and modelling, addressing all technological aspects of diesel and gasoline fuel injection systems. Topics range from fundamental fuel spray theory, component design, to effects on engine performance, fuel economy and emissions. We're facing an information overload. With the quick tap of a finger we can access an endless stream of addictive information—sports scores, breaking news, political opinions, streaming TV, the latest Instagram posts, and much more. Accessing information has never been easier—but acquiring wisdom is increasingly difficult. In an effort to help us consume a more balanced, healthy diet of information, Brett McCracken has created the "Wisdom Pyramid." Inspired by the food pyramid model, the Wisdom Pyramid challenges us to increase our intake of enduring, trustworthy sources (like the Bible) while moderating our consumption of less reliable sources (like the Internet and social media). At a time when so much of our daily media diet is toxic and making us spiritually sick, The Wisdom Pyramid suggests that we become healthy and wise when we reorient our lives around God—the foundation of truth and the eternal source of wisdom.
