This is a little story about Finney the Leprechaun and his Friend, Michaelin. Sometimes a leprechaun will make friends with a special human being. Michaelin is a lovely, little girl that has become Finney's most special Friend, because she is always truthful, and, she is kind to him, and would never try to hurt him. Finney trusts Michaelin. Trust is the most important part of friendship. In this story, Finney must try hard to find a way to hide his pot o' gold so its glow doesn't let everyone know where it is. A leprechaun never wants anyone to find his pot o' gold. So, with Michaelin to help him, Finney finds a way to hide his pot o' gold. But there is a secret, that leprechauns know, that helps Finney. You will be so surprised when you find out what that secret is! And not only that, but you will also see that Finney and Michaelin know well, how we all need to say, "Please" and "Thank you!" Religion or ultimate belief is not perceived to be part of the public domain, and certainly not the origin of the affairs of commerce. The proper place for religious activities is thought to be in the home and place of worship, or some equally remote avenue of public life. But could worship and work be united at a yet more fundamental or religious level? Robert A. Wauzzinski addresses this question and the conventional wisdom that stands behind it in *Between God and Gold* by suggesting that religious or depth commitments are operative in these social movements. Evangelicalism and Industrialism, as world movements, are apparently different in their assumptions about life. The former view holds often to a supernatural, dualistic view of reality where components of divine intervention, emotional intensity, authority centeredness, and theological and ethical thought seem to dominate life. Industrialism, on the other hand, draws upon a naturalistic view of the world. Here, principles from a mechanistic, materialistic, Deistic, and a pragmatic, scientific secularity comprise the contours of the world view. However, can we speak of only two separated views, apart from any basic shared commitments, that do not affect each other? Wauzzinski argues that the urgency of this question forces itself upon us. He contends that both movements share deeper commitments: individualism, free will, a belief in progress, an increasingly materialistic view of culture, the equation of a theistic view of natural law with the structure of the market, and the efficacy of the "gain-give" principle form the foundational concerns for both movements. Wauzzinski proceeds to survey how nineteenth-century enthusiasts attempted to "incorporate" America under the aegis of Industrialism and related values. Accordingly, commitments, work, theology, culture - art, politics, education, and worship - were accommodated to meet the demands of Industrialism. The heart of *Between God and Gold* can be located in the survey of three representative nineteenth-century Evangelical figures: evangelist Charles Finney, scholar Francis Wayland, and philanthropist/clergyman Russell Conwell. The lives and thought of these notables are unfolded concretely, thereby showing how the Evangelical-Industrial synthesis occurred. Wauzzinski concludes the book by suggesting theological and economic alternatives, hoping to show in these examples that a third way between capitalism and socialism can be found. These possibilities are drawn from theoretical and practical sources and thus provide opportunities for greater social revitalization. An interdisciplinary methodology is employed throughout this work. The author works from the assumption that various fields of study, while analytically separated, do manifest a fundamental coherence. It is into this matrix that Wauzzinski probes the interconnections between Protestant Evangelicalism and the Industrial Revolution.

This handsome new book combines three Finney favorites in an omnibus edition that brilliantly displays his bold and unmistakable imagination. Certain to delight anyone with a penchant for penetrating imaginary realms of science fiction, fantasy, and adventure.

Some of the most astounding revivals came through Charles Finney. It is wisdom to learn about revival from a person who had great success in conducting revivals. And history shows that Charles Finney definitely had great and long lasting success in carrying out revivals. If you want to have great revivals, it would be wise to diligently study Finney in this regard. The Christian Preservation Society summarizes this amazing work of God as follows: --- Finney Biography Excerpt by Christian Preservation Society --- "Christian people, are you figuring round and round to get a little property, yet neglecting souls? Beware lest you ruin souls that can never live again!" The greatest outpouring of Charles's life came in Rochester, New York, starting in September 1830. Lyman Beecher, one of Finney's harshest critics in his early years, would eventually call the revival in Rochester "the greatest work of God, and the greatest revival of religion, that the world has ever seen, in so short a time. One hundred thousand ... were reported as having connected themselves with churches." [Charles Finney, *Memoirs of Charles Finney*, New York: A. S. Barnes and Company, 1876]. It was recorded that as many as eighty-five percent of those converted remained Christians years later. It was a revival that touched all social classes - from civic and business leaders to schoolteachers, physicians, shopkeepers, farmers, and migrant workers. Bars closed for lack of patrons. Crime rates dropped dramatically and stayed low for years, even as the population grew. At one point, the teenagers in the local high school were so distraught about the condition of their souls that they paid no attention to their lessons, so the director invited Finney to come and speak. Nearly the entire student body was saved, including the director, who had originally thought it was a ploy by the students to get out of their work. Forty of the students went on to become ministers. One of these later wrote: The whole community was stirred. Religion was the topic of conversation, in the house, in the shop, in the office and on the street. The only theater in the city was converted into a livery stable; the only circus into a soap and candle factory. Grog shops were closed; the Sabbath was honored; the sanctuaries were thronged with happy worshippers; a new impulse was given to every philanthropic enterprise; the fountains of benevolence were opened, and men lived to good. [V. Raymond Edman, *Finney Lives On*, Minneapolis, MN: Bethany House Publishers, 1971] The Rochester revival would prove to be the height of the Second Great Awakening and a spark to light the fuse of a national revival that ran like wildfire throughout the United States in 1831. A host of evangelists, including Beecher himself, took up the torch from Rochester, and the rolls of membership swelled in churches everywhere - Presbyterian, Methodist, Baptist, Episcopalian, Congregational, and others alike. --- End Of Finney Biography Excerpt ---

For many, U2's Bono is an icon of both evangelical spirituality and secular moral activism. In this book, Chad E. Seales examines the religious and spiritual culture that has built up around the rock star over the course of his career and considers how Bono engages with that religion in his music and in his activism. Looking at Bono and his work within a wider critique of white American evangelicalism, Seales traces Bono's career, from his background in religious groups in the 1970s to his rise to stardom in the 1980s and his relationship with political and economic figures, such as Jeffrey Sachs, Bill Clinton, and Jesse Helms. In doing so, Seales shows us a different Bono, one who uses the spiritual meaning of church tradition to advocate for the promise that free markets and for-profits will bring justice and freedom to the world's poor. Engaging with scholarship in popular culture, music, religious studies, race, and economic development, Seales makes the compelling case that neoliberal capitalism is a religion and that Bono is its best-known celebrity revivalist. Engagingly written and bitingly critical, *Religion Around Bono* promises to transform our understanding of the rock star's career and advocacy. Those interested in the intersection of rock music, religion, and activism will find Seales's study provocative and enlightening.

Finney wrote, "A revival is nothing else than a new beginning of obedience to God." Charles Finney brought forth God's Word with a boldness and clarity that resulted in the salvation of more than half a million people, and over 85% of the people who found Christ through his ministry remained faithful to the Lord throughout their lives. G. Gilchrist Lawson wrote this about him, "He was the greatest evangelist and theologian since the days of the apostles" and the reader of this Pure Gold Classic will understand why. Finney said: "The treasure is in Heaven." "A pure heart cannot be a friend of the world." "Sin is the most expensive thing in the universe." "The Christian warfare is a war between the will and Satan." "To commit yourself to Christ implies that you merge yourself in Him, make Him your end of life, make His glory your supreme end in all you do. You merge your will in His will, so that, apart from Him, you will have no will of your own. You wish for nothing, save what pleases Him." "The Bible teaches that sin is forgiven when it is repented of, but never while it is persisted in." Charles Finney, as the above quotes reveal, was blessed with a passion for souls, the fire of John the Baptist, and great zeal for the truth of God's Word. Each chapter within this compelling book abounds with God-pleasing thoughts, anecdotes, suggestions, and words of encouragement that will produce a yearning and hunger in the reader for a true revival that will bring about true change in people's lives.
