imc Learning Suite: Full service for your corporate ...

From the occasional use of in-service training as policy means to implement innovation (esame di stato, obbligo scolastico) it is now time to move towards a system of permanent opportunities for professional development. It is time, in other words, to give first order status to the professional development of teachers. 5.

In-service Training and Teacher Professional Development ...

Training should also support the practice in establishing its own internal systems including a safe and appropriate protocol to guide staff, a system of supervision (especially for the early stages of implementation) and regular audits of safety and effectiveness. Ideally a training experience should provide opportunities for practice managers, GPs and staff to hear from others who are already ...

NHS England » Training for reception and clerical staff

Imagine having a learning management system that learners love using: The development of the imc Learning Suite is based on user-centric design for perfect learning experiences. Users decide which learning path to take and how to access it –

mobile, online, offline, on the internet or through an app.
