Admiralty and Maritime Law Guide - Maritime Law by
Country

Admiralty law or maritime law is a body of law that governs nautical issues and private maritime disputes. Admiralty law consists of both domestic law on maritime activities, and private international law governing the relationships between private parties operating or using ocean-going ships. While each legal jurisdiction usually has its own legislation governing maritime matters, the ...

Admiralty law - Wikipedia

Maritime and Transportation Law is given as an freestanding course at the Department of Law, Stockholm University. Admission to the course can also be granted to applicants with significant practical experience within the field of maritime and transportation law.

Whatever your reason for visiting here ' s some information on how to make yourself comfortable – from contacting the Barbican to finding a place to hang your coat.

General information | Barbican

Specific time limits applicable to maritime and inland navigation are defined in the Belgian Maritime Law ("BML") incorporated in Book II, Title IX of the Belgian Code of Commerce. Art. 2019 BCC defines the time bar as a way to acquire or to discharge oneself by a certain lapse of time, and under conditions defined by the law.
