This book will provide for the first time a comprehensive manual on how NASA works and operates its programmes, opening the door to the general reader, and the visitor to NASA facilities, a directory of information on what to find, what to see and how it all fits together. This book avoids the detail on specific programmes and projects – these are already adequately covered in dedicated Haynes Workshop Manuals. Instead, it focuses on what exists at the various facilities across the United States and the technical parameters of their equipment and laboratory assets.

This is a maintenance and repair manual for the DIY mechanic. It provides all you need to know about servicing the Citroen 2CV.

Haynes disassembles every subject vehicle and documents every step with thorough instructions and clear photos. Haynes repair manuals are used by the pros, but written for the do-it-yourselfer.

The Routemaster bus – instantly recognizable as the classic red double-decker London Transport bus – is a British icon, and a symbol unmistakably associated with London. Now the Routemaster receives the famous Haynes Manual treatment. This book provides a unique perspective on owning, restoring and operating a Routemaster, as well as an insight into the design, development and anatomy of this remarkably resilient machine, which saw continuous service in London for over 45 years.

Haynes offers the best coverage for cars, trucks, vans, SUV's and motorcycles on the market today. Each manual contains easy to follow step-by-step instructions linked to hundreds of photographs and illustrations. Included in every manual: troubleshooting section to help identify specific problems; tips that give valuable short cuts to make the job easier and eliminate the need for special tools; notes, cautions and warnings for the home mechanic; color spark plug diagnosis and an easy to use index.
