down then "The Conjure Workbook" is for you.

Conjure, hoodoo, rootwork - these are all names for southern American folk magic. Conjure first emerged in the days of slavery and plantations and is widely considered among the most potent forms of magic. Its popularity continues to increase, both in the United States and worldwide. This book is a guide to using conjure to achieve love, success, safety, prosperity, and spiritual fulfillment. Author Starr Casas, a hereditary master of the art, introduces readers to the history and philosophy of conjure and provides practical information for using it. Featuring Casas's own rituals, spells, and home recipes, the book provides useful information suitable for novices and seasoned practitioners alike. In its pages, you'll learn about: Bone reading Candle burning Conjure bags Building your own

conjure altar At last, a book that answers every questions you had about Conjure but were afraid to ask! Old Style Conjure is an absolute treasure. It's a must-read for every practitioner of the ancient arts and a must-have for every magical library! - Dorothy Morrison, author of Everyday Magic, The Craft and Utterly Wicked.

A delightful in-depth guide to the divination practices of conjure from the beloved author of Old Style Conjure and other books In Divination Conjure Style Starr Casas shares the secrets of conjure-style divination that she learned at home and that, until very recently, were family secrets that were only transmitted orally. Traditional conjure is the domain of the poor and disenfranchised, living in regions that were (and remain) unfriendly to esotericism and the occult. Thus, conjure divination relies on inexpensive tools that are not exclusively

magical: playing cards, rather than tarot cards, or scrying with blue water instead of a crystal ball. The primary focus of Divination Conjure Style is playing-card divination, but other methods covered include bibliomancy, pyromancy, pendulums, and throwing the bones. Starr discusses the history of these methods and also offers practical information so that the reader can master these techniques for themselves. Josef Bailey, a young New Orleans artist, has created illustrations of conjure-style playing cards to Starr's specifications.

"This book explores all facets of love magic. You will learn how to draw new love toward you, bring errant lovers back, improve and control your current situation, build a love altar, heal a broken heart, stimulate and maintain family peace and happiness, and, maybe most crucially, learn to really love yourself"--

Working The Root

Conjure, also known as Hoodoo or Rootwork, is an old, powerful, and increasingly popular system of North American folk magic. Conjure ' s roots derive primarily from West and Central African spiritual traditions, but it has also been influenced by Christianity, Jewish mysticism, and Native American practices. Hoodoo Sen Moise has been studying this tradition and working with Conjure for over 35 years. Here in Working Conjure, he explores Conjure ' s history, principles, fundamentals, and ethics, while simultaneously providing a practical how-to guide to actually “ working ” Conjure and making Conjure work for you. This book: Explores the primary materials of Conjure Features spells, rituals, and workings for various purposes Guides readers to learn how to bring this profound school of magic to life

Widely known for its musical influence, Beale Street was also once a hub for Hoodoo culture. Many blues icons, such as Big Memphis Ma Rainey and Sonny Boy Williamson, dabbled in the mysterious tradition. Its popularity in some African American communities throughout the past two centuries fueled racial tension—practitioners faced social stigma and blame for anything from natural disasters to violent crimes. However, necessity sometimes outweighed prejudice, and even those with the highest social status turned to Hoodoo for prosperity, love or retribution. Author Tony Kail traces this colorful Memphis heritage, from the arrival of Africans in Shelby County to the growth of conjure culture in juke joints and Spiritual Churches.

Working The Root

Necromancy is not a study for the weak at heart, mind or soul. It is a study for those who desire true mastery over life and death... It is true power - the power to overcome death itself, to grant one's self immortality and to raise armies of untiring, unflinching and unwavering soldiers who unquestioningly obey your every command... It is the seductive whispers of shadows, the chilling breath of a wraith and the wet bloody kiss of a Mohrg... I can teach you the secrets of necromancy. I can make you immortal. I can show you the paths to power. But it will cost you... For there is always a price to pay... Servants of Shadow is the latest in our series of racial guidebooks. We bring you five new necromancy-themed character race options to fill that dark hole in your hearts. Within are three new races, three templates, new archetypes and prestige classes, dozens of feats, traits and magic.

Everything you need to resurrect your campaign and necromantic character options!

Miles Murphy is not happy to be moving to Yawnee Valley, a sleepy town that 's famous for one thing and one thing only: cows. In his old school, everyone knew him as the town 's best prankster, but Miles quickly discovers that Yawnee Valley already has a prankster, and a great one. If Miles is going to take the title from this mystery kid, he is going to have to raise his game. It 's prankster against prankster in an epic war of trickery, until the two finally decide to join forces and pull off the biggest prank ever seen: a prank so huge that it would make the members of the International Order of Disorder proud. In *The Terrible Two*, bestselling authors and friends Mac Barnett and Jory John have created a series that has its roots in classic

Have you ever had an unexplained phenomena - a knock at the door but no one there; the hairs on your arm stand up, as though you're suddenly chilled; a gradual aroma rising from nowhere; an abrupt noise; a strange sensation on different parts of your body, like someone stroking your hair; or dreams of your deceased loved ones? These are just a few examples of how your ancestors and spirit guides may be trying to gain your attention. Are you curious, WHY? Perhaps the world is divided into two kinds of people; those who can only fathom the solid material life (the visible world) and those who perceive that there is an active spiritual presence (an invisible reality) operative in most of our lives. Whether this perception is faint or fully actualized, the book Ancestor Paths is the ultimate road map to developing a clear understanding of the spirit world and why spirits try to commune with the living. It also explains

Read Book The Conjure Workbook Volume 1

Working The Root

How our lives are enhanced and healed through positive interaction with spirit. This book is filled with clear, understandable information on communing with those on the other side and provides outstanding insight on how your spiritual skills and talents can be developed to aid you and your family. Ancestral reverence is as old as human beings and has always been understood as a powerful force for individual, family, cultural and community strength and stability. The Lukumi/Yoruba priestess Aladokun, illuminates how honoring your ancestors and working with your guides can add enormous clarity, direction and peace to your life. Her soothing explanations, advice, caveats, counseling, and explicit directions makes you feel as if you have the most supportive teacher in the world. In a clear and easy to read narrative, she guides us through the infrastructure of the spirit realm, helping us

Read Book The Conjure Workbook Volume 1

to understand that our divine relationships continue and supports us in our spiritual growth. This guide, newly expanded, is filled with cogent answers to some of the worse misunderstandings we all have about spirit work. She's able to remove the irrational fear we sometimes have of our ancient practices, simplifying the rules of contact for building strong spiritual relationships. No matter where you are on the belief continuum, intrepid beginner or sage spirit practitioner, the comprehensive way this guide is written will make you keep it close at hand. The basics are well covered but it also takes us deeper into the secrets of self preparation, ritual and the power of prayer. She helps us to see that this is not just a curiosity or a hobby, but perhaps the most effective way for us to evolve ourselves, our families and the world. If you're a beginner, with your heart leading you deeper into spirit connection, you won't find a better step by

Read Book The Conjure Workbook Volume 1

step primer on developing your skills and natural talents. If you're an experienced spiritualist/practitioner, you'll be inspired in all new ways with newly added prayers, quotes and anecdotes that strengthen your understanding of why this work is sacred and the most important work that we do; the perfect book to support your work in guiding your students, clients, and godchildren on their spiritual path. And for the curious, you'll get an honest rendition about spirit life, gain some powerful insights, and, hopefully, become inspired by the stories and processes as revealed by an authentic priestess, Aladokun. Lastly, Ancestor Paths is a tribute to all divinities within the universe that continue to guide, bless, and elevate our souls towards higher consciousness and enlightenment.
