back up your WordPress website. These methods are generally safe, but when you're messing with core files — especially if you don't know what you're doing — anything can go wrong.

## How to Downgrade WordPress to an Older Version

WordPress is a free

# Online Library Wordpress To

open-source platform, but it still comes with costs attached. The main cost associated with WordPress is hosting, which starts at around \$3.95/month. Other common costs include domains, themes, and plugins. Realistically, WordPress pricing falls between \$11 and \$40 per month, after a one-off cost of \$200.
